MESSAGE

In view of globalisation of our economy, exports have acquired unprecedented importance in national planning. It is gratifying to learn that the Indian Plastic Industry is exporting its wares to 140 Countries of the World and contributing an impressive Rs.1200 Crores share to our exports.

The industry has no doubt posted impressive results in the field of exports during the last five years, but there is yet a vast market to tap. I am sure that the Industry would soon become a leading player in the world market on the strength of the high quality of its products.

I wish the 18th "Top Exporters Award Function" organised by the Plastics & Linoleums Export Promotion Council a grand SUCCESS.

MESSAGE

I am glad to learn that the Plastics and Linoleums Export Promotion Council (PLEXCONCIL) is holding its 18th Export Award Distribution Function on 18th November, 1995 at Bombay.

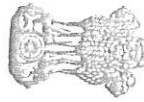

It is a matter of satisfaction that the export of plastics and linoleums products has shown substantial increase from Rs. 815 crore in 1993-94 to Rs. 1186 crore during 1994-95. The Council has adopted a target of Rs. 1424 crore for the year 1995-96. At present plastics products are being exported to more than 140 countries in the world.

I hope the Council will strive further not only to solve the day-to-day problems of their member firms but also to frame a long term strategy to achieve a quantum jump in exports.

I take this opportunity to congratulate the award winners and wish the function all success.

MESSAGE

I am glad to learn that the Plastics and Linoleums Export Promotion Council (PLEXCONCIL) is organising its 18th "Top Exporter Award Function" on 18th November, 1995 at Bombay.

Exports of plastic products have registered a commendable increase from Rs. 418 crores in 1992-93 to Rs. 814.8 crores in 1993-94 and further to Rs. 1200 crores in 1994-95. The growth in 1994-95 has been 46%. PLEXCONCIL, being the apex organisation for promoting exports of plastic products, has contributed positively to this growth by exploring new markets. The Council deserves compliments for this commendable achievement. I am confident that the Council will continue to make earnest efforts to achieve much higher levels of exports in the future, as well.

I take this opportunity to extend my heartiest congratulations to the award winners and wish the function all success.

Tejendra

(TEJENDRA KHANNA)
COMMERCE SECRETARY
16 NOVEMBER 1995

Felicitations are due to PLEXCONCIL on its 18th "Top-Exporter Award Function" at Bombay on November 18, 1995. Awards will be given away by Shri P. Chidambaram, Minister of State for Commerce, which will enhance the significance of the event. I convey my compliments to the Award winners on their meritorious performance.

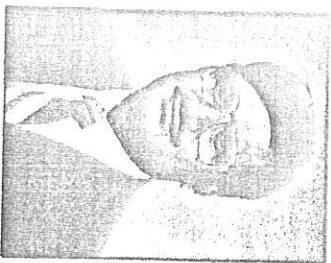

2. Export of plastics, linoleum, and allied products from India has grown handsomely over the years. PLEXCONCIL can deservedly claim kudos for its considerable contribution to the achievement. I am confident that the Council will continue to strive in its endeavours for ever higher performance and growth rates.

3. Recognition of outstanding performance is a sure means of promotion. The Award Function will no doubt serve as a spur for the winners as well as others to aspire for further excellence, in terms of quality, quantity and the range of their exports.

4. I convey my best wishes to PLEXCONCIL for a successful function.

TOP EXPORTERS' AWARD FUNCTION

Bombay - November 18, 1995

Welcome Address by :

MR N SRINIVASAN, CHAIRMAN

The Honourable Commerce Minister Shri Chidambaram, distinguished officials from the Government, Award Winners, my exporter friends, friends from the media and ladies and gentlemen

I take this opportunity to thank and extend a special welcome to the Honourable Minister Shri Chidambaram both on behalf of the Council and on my own behalf for having readily agreed to participate in this function today and distribute the Awards to the Top Exporters of the Plastics & Linoleums sectors despite his otherwise busy schedule. We consider it a great privilege of having you amidst us today which itself is an indicator of your genuine interest in motivating us to excel and exceed our export performance.

The Honourable Minister needs no introduction and his efforts to induce professionalism in the Government, particularly in the Ministry of Commerce have already started paying rich dividends. We do recognise his efforts and contributions towards converting the philosophy of liberalisation into a reality especially in the area of the Export & Import Policy. Your efforts and determination to condense the Exim Policy deserve compliments and do look forward to the dreams of Exim Policy being a less than a 10-page document coming true in the near future. However, certain amount of fine tuning is necessary to accelerate the export growth particularly of the Plastics & Linoleums sector.

I would also like to congratulate and welcome all the Award

aggregate export performance of these Award winners comprises over fifty percent of the total export performance of our industry segment. I am sure that the excellent export performance of these top exporters will motivate all other exporters from our industry to reach greater heights in terms of earning more and more forex through exports. I would like to specially welcome the outstanding Award Winners for taking time out of their office and visiting Bombay to receive their awards.

I would also like to welcome distinguished Government officers in various departments whose support and co-operation has always been a source of inspiration in our ambitions to earn more and more forex through the exports of plastics and linoleums.

I also take this opportunity to extend a very warm welcome to all of you for having assembled here to cheer the Award Winners and make this function a grand success. I would like to specially welcome my friends in the media who have always supported the Council in publicising its philosophy, strategies and programmes and look forward to their cheering the award winners through their media.

You may all be aware that the Council has been engaged in export promotion from its inception in 1955. From a meagre export turnover of about 8 lakh rupees in 1955-56 the exports of the plastics and linoleum sector has reached a figure of about 1200 crores in 1994-95 and is poised to reach about 3400 crores or one billion US Dollars by the turn of the century. The plastic industry in India is growing significantly and making rapid inroads into the international markets. We are planning to add a lot of innovations to our export promotion programmes to facilitate member exporters achieve their export targets.

It has always been customary to utilise such opportunities like the Award Function as a forum for expressing the grievances of the exporters. I would like to take the liberty of deviating from this practice and only bring to light some major problems of our industry particularly with reference to the innovative schemes introduced recently.

mention that our Council is defending the anti-dumping proceedings initiated by the European Union against Indian plastic woven sacks. I hope necessary financial assistance will also be provided on such occasions. Lobbying with foreign Governments for trade related decisions like tenders and projects will be some of the future tasks that Councils like ours will have to undertake besides defending anti-dumping proceedings and legal battles that affect a particular industry segment as a whole. Such activities will involve considerable quantum of funds which I hope the Government will consider financing to a great extent.

I would not like to take much of your time since I am sure that the Award Winners are anxiously waiting to receive the Awards and Certificates from you and subsequently listen to your views and suggestions. On behalf of the Council, I would like to mention that we consider the Honourable Minister as our Ambassador in the Government and look forward to your using your good offices in the Government in evolving export friendly policies that will enable us reach greater heights in exports. On our side, we do assure you of our full co-operation and support to contribute a decent share in the 75-billion US Dollar export target perceived by you by the turn of the century.

Thank you

**THE PLASTICS AND LINOLEUMS
EXPORT PROMOTION COUNCIL**

CITATION

**PRESENTED TO
SHRI ARVIND H. BHARUCHA
CHAIRMAN 1991-92 & 1992-93**

Whereas Shri Arvind H. Bharucha a luminary of great standing in the Exporters' Community and the Plastics Industry has enhanced the prestige of PLEXCONCIL to its peak, universally.

During his 2 year term as Chairman of the Council and his long service with Bhor Industries Ltd. culminating with his retirement as Senior Executive, Vice President Marketing, he is numbered in his own right as an expert among exporters of the day, which is a tribute to the traits that distinguish him also as a Top Exporter. Seldom is there such a versatile mixing of talents.

An embodiment of excellence in action, diction, debate and interaction, he combines in himself both tradition and modernity in all their forms and variety.

His contribution to build-up an integrated infrastructure, has resulted in the continuous export growth in the following years.

To achieve this he followed modern ideas on international marketing based on the new scheme of things and development.

There is hardly any mark of honour higher than the abundant acknowledgement bestowed by the new generation of Exporters, his Contemporaries, Government of India and the privilege to be included in Government delegation to South Africa and also accompany a trade delegation to Italy led by the Union Minister of State for Commerce Hon'ble SHRI P. CHIDAMBARAM.

To him, his achievements may be momentary but in the annals of PLEXCONCIL they are memorable and the public expression of appreciation lasting which is now presented through the hands of Hon'ble SHRI P. CHIDAMBARAM, Union Minister of State for Commerce, Government of India.
