Ref. : Plexh/Cir/329 11.07.2019

All Members/All Members of the COA

Dear Sirs,

Subject : Regarding Cases of Inverted Duty across various value chains in the territories of China, Taiwan, Hong Kong and Macao

We wish to inform you that Department of Commerce has proposed to undertake a study on the value chains across various sectors for identification of the sectors wherein inverted duties exist or could be there in future, on account of preferential tariffs or otherwise, which would adversely impact the domestic production of finished goods.

“Inverted duty structure is a situation where import duty on finished goods is low compared to the import duty on raw materials that are used in the production of such finished goods”.

In view of the above members are requested to provide the cases of inverted duties across various value chain of their product concerned with the territories of China, Taiwan, Hong Kong and Macao.

Your reply should reach to the undersigned at bharti@plexconcil.org by today evening.

With best regards,
Yours sincerely,
Bharti Parave
(Sr. Executive)
