All Members/All Members of the COA

Dear Sir(s),

Subject : Seeking members inputs on identifying products to be placed in the restrictive import list

We wish to inform you that Ministry of Commerce and Industry is in process of collecting data from the trade in order to identify products that could be placed under the restrictive import product list of India. The idea is to identify those products in which other countries have placed import restrictions from India or elsewhere so as to protect their domestic industry and discourage imports.

For example, if a product which is free in India but restricted in other country. This is causing injury to the domestic manufacturers in India and is providing protection to the other country exporters. Through due support from the trade, the Ministry is preparing a list of such products so that Indian authorities can take similar action and place such products in restrictive import list to safeguard the Indian domestic industry.

In the above context, members may please provide their inputs so that such items can be identified for appropriate action.

Your reply should reach to us on or before 22.01.2020 (4pm) to the undersigned at [bharti@plexconcil.org](mailto:bharti@plexconcil.org)

With best regards,  
Yours sincerely,

Bharti Parave  
(Sr. Executive)
