Ref: PLEXH/E-magazine/65

Date: 16th September, 2020

Dear Sirs,

Greetings!

As you are aware that the council had launched a monthly e-magazine named PlexConnect in July 2019. PlexConnect, which was conceived as the mouthpiece for plastics exports and aims to highlight important topics that pertain to the Plastics manufacturing and exports industry, has become extremely popular amongst the Indian exporting community. It covers topics such as export performance, industry news and happenings, various editorial features, Countryscape, Panel of the Month, amongst others. The objective of the magazine is to provide readers with meaningful, relevant and insightful information that we hope will facilitate the growth of industry and open dialogue on issues that are of common concern.

We are delighted to share with you that all the last editions of PlexConnect which were circulated amongst Council members, Government & Ministry departments, Indian High Commissions & Embassies, Foreign Embassies in India, besides various trade associations in India and abroad, have received a good response.
