THE PLASTICS EXPORT PROMOTION COUNCIL
(Sponsored By The Ministry Of Commerce & Industry, Deptt. Of Commerce, Government Of India)

Ref. No. Plexh/Cir/541

14.11.2022

To,

All Members of Plexconcil

Dear Sir / Madam,

Subject: Seeking feedback on Product Specific Rules of Origin (PSR's) for India -Canada FTA

We wish to inform you that With 9% growth over the last five years, India's exports to Canada increased from USD 2.31 billion in 2017 to USD 3.55 billion in 2021. The upcoming month will see the start of the **second round of free trade agreement negotiations to increase trade between India and Canada.**

In the earlier rounds of discussions, Canada had previously suggested some Product Specific Rules of Origin (PSRs) for goods related to our industry. You are required to review the PSRs of your product(s) that Canada had previously recommended (at a 6 Digit level), and to comment on whether they are appropriate for our industry. To check the PSR's [\(Click here\)](#)

Also to know what Rule of Origin and Product Specific Rules are, please go through the file provided [\(Click here\)](#)

You are asked to propose alternative PSRs with a thorough justification of why Canada's approach is not acceptable for the sector in case the same are not deemed appropriate.

You are requested to share your inputs on all the above aspects preferably by **16th November, 2022** on bharti@plexconcil.org or call on : +91 22 40170000 for any queries.

Best regards,

Bharti Parave

Asst. Director – Trade & Policy

The Plastics Export Promotion Council
