Subject: Plexconcil seeks Feedback on India - UK CETA & Upcoming Initiatives

Dear Sir/Madam,

India and the UK have recently signed the Comprehensive Economic and Trade Agreement (CETA).

India's exports to the UK grew from **USD 445 million in 2023–24 to USD 509 million in 2024–25 - a 14.4% increase - reflecting stronger trade synergy**. The elimination of import duties under CETA is expected to further boost India's export competitiveness and market presence in the UK. Please find attached a list of plastic products with strong export potential to the UK.

The Department of Commerce is conducting a study on the agreement's impact and has requested industry inputs.

Kindly submit your inputs/feedback using the link below latest by **EOD on Monday, 4th August 2026**. Link <https://forms.gle/gqkMqjDw3eXG8EjUA>

To promote trade, Plexconcil is organizing a webinar on the India–UK CETA on 8th August 2025 with FTA expert Mr. Sudhakar Kasture. In addition we are also organizing the India Pavilion at Interplas 2026, the UK's premier plastics exhibition, from 2–4 June 2026 in Birmingham. For details, please contact Plexconcil.
