THE PLASTICS EXPORT PROMOTION COUNCIL

(Sponsored By The Ministry Of Commerce & Industry, Deptt. Of Commerce, Government Of India)

Ref: PLEXER/205-26/BSM

Date: 16.9.2025

To: All Members / All COA Members

Dear Members,

Greetings from PLEXCONCIL!

We are pleased to inform you that the Council is proposing to organise a **Buyer-Seller Meet (BSM) in Moscow, Russia (subject to adequate Members response), during the last week of November 2025.**

The objective of this programme is to enhance India's share in Russia's global imports and create new business opportunities for our members. **Russia's annual global plastic imports stand at USD 12.9 billion, out of which India's share is only 1.5% (USD 195 million).** Considering the recent imposition of high tariffs by the USA, this is an opportune time to explore alternative markets. The Government of India is also very keen to further strengthen bilateral trade relations with Russia. This BSM will be organised with the active support of the Embassy of India in Moscow, Russia.

Interested members are requested to send us the application form along with fees on or before 23rd September 2025.

- Fill in the Application Form ([Click here to download the blank form](#))
- Send us the Application form along with an application fee of ₹29,500/- (including GST)

Please note:

- The application fee is non-refundable, but will be refunded in case the event is cancelled by the Council.
- Any additional cost (if applicable) will be communicated separately and will depend on the number of participating companies.

Based on Russia's import data for value-added plastic products ([Click here to view details](#)), the following items have strong potential in the Russian market:

- Plastic sheets & films
- Packaging items (flexible/rigid)
- Woven sacks & bags, FIBC
- Floor coverings, leathercloth & laminates
- Consumer & houseware products
- Plastic pipes & fittings
- Writing instruments
- Masterbatches

- Medical plastic products
- Miscellaneous plastic items
