To,
All Members of Plexconcil/ COA Members

Dear Sir/Madam,

Subject: Regarding Inputs on the impact of export business due to imposition of Quality Control order (BIS) on import of Plastic Raw Material.

As you know, the Quality Control Orders (QCOs) for polymers such as Polyethylene (PE) and Ethylene Vinyl Acetate (EVA) have already been implemented in India. We would like to understand if this regulatory change has had any impact on your industry or business operations so far.

Could you please share your experiences regarding:

1. Supply chain or availability issues?
2. Have the QCO restrictions on any polymer resulted in the loss of any export orders for your business?
3. Any other concerns?

Your feedback will help us assess the ground-level effects of the QCO and represent the industry's concerns effectively to the relevant authorities.

Please share the same to the undersigned at bharti@plexconcil.org latest by **02.10.2025**.

Thank you for your cooperation.

Best regards,

Bharti Parave

Dy. Director (Trade and Policy)
