Ref. No.: Plexh/Cir/583

To,

All Members of Plexconcil/ COA Members

Dear Sir/Madam,

Subject: Regarding Suggestions on new tariff line/HS re-classification of products

This is to inform you that the Department of Chemicals & Petrochemicals has invited suggestions from the industry for creating new **HS Classification tariff lines or re-classification in some existing tariff line** of goods imported under "Others" category of Chapter 39. The list of 459 products at 8-digit level under Chapter 39 can be downloaded from here https://docs.google.com/spreadsheets/d/1ncKY7_YNmFaH6ofRJdp_ivOQSn6zYK5e/edit?usp=sharing&ouid=108218688201736716589&rtpof=true&sd=true

By creating new HS tariff line or re-classifying in some other existing tariff line, the ministry can identify those products which are clubbed under '**Miscellaneous**' or '**Residual**' or '**Other Category**' and monitor their import trends.

This exercise can also improve classification accuracy and reduce dependence on residual entries.

Your suggestion may also address the following issues:

- Disagreement on HS Classification with FTA signatory countries
- Align with Classification practices in other trade partners
- Resolve Contrary views on HS Classification with Customs field formations
- Implement Technical Regulations for these specific products
- Prohibit/Restrict import of these products

Members are requested to submit their suggestions, along with adequate supporting details, for creating new tariff lines or re-classifying products under existing tariff lines.

This provides an opportunity to address any existing classification issues or rectify errors by furnishing the Technical/Product Description, end use of the product, and other relevant

information in the attached template. *If a member has concerns regarding multiple HS codes, it is requested that the template be filled out separately for each HS code.*

Members are requested to send the inputs to bharti@plexconcil.org; research@plexconcil.org latest by 08.10.2025 (12 noon)

Your timely inputs will enable us to compile and represent the same to the Department at the earliest.

Best regards

Bharti Parave

Dy. Director (Trade & Policy)
