We wish to inform you that Japan, Uganda and Thailand have notified testing and quality standards for different plastic products. Bahrain has banned single use plastic bags with less than 57 micron thickness, with certain exemptions.

The list of these notifications can be accessed from the following link: https://docs.google.com/document/d/1E8viVYwImJg01mbfX2fwGgLEHRRkf_1i/edit?usp=sharing&oid=108218688201736716589&rtpof=true&sd=true

Members are requested to share comments on:

- Whether they are exporting these products to the notifying countries
- Will these measures increase compliance cost and time?

Your response will help the government assess potential impacts of these notifications and coordinate appropriate remedial measures.

You may share inputs latest by **5 pm, Monday, December 15, 2025** to: office@plexconcil.org so that we can consolidate the same for submission to the Department of Chemicals & Fertilizers.
