Dear Member,

The Department of Commerce (Ministry of Commerce & Industry) is assessing the infrastructure requirements in different industry clusters to unlock export potential in recent FTA countries such as Australia, New Zealand, UK, EU, Oman, UAE and Mauritius.

In this regard, we request members to share information on:

1. Infrastructure facilities (such as testing, certification, logistics, MICE, etc.) required in your clusters to boost exports
2. Estimated expenditure for creation of such infrastructure

Members may share these details to [bharti@plexconcil.org](mailto:bharti@plexconcil.org); [research@plexconcil.org](mailto:research@plexconcil.org) by **5:00 PM tomorrow (May 7, 2026)** to enable us to consolidate the same for submission to the concerned authority.

Your prompt response will be highly appreciated.

With regards,

**Team Plexconcil**
