Dear Sir/Madam,

Subject: Important: Invitation for Proposals – BIS Scheme for Creation and Augmentation of Testing Facilities for critical Areas

We wish to inform you about an important communication received from the Department of Commerce regarding the Bureau of Indian Standards (BIS) Scheme for Creation and Augmentation of Testing Facilities in Critical Areas.

The scheme provides an opportunity for organizations to identify and address critical testing gaps, foster innovation, support R&D, and ensure compliance with modern standards.

The scheme aims to address gaps in existing infrastructure and facilitate the availability of advanced testing capabilities for products, materials, technologies, and emerging areas of importance.

BIS has invited proposals from a wide range of organizations, including:

- Laboratories owned or fully or partially funded by the Central Government
- Institutions of higher education
- **Private organizations running laboratories for R&D purposes or on a not-for-profit basis**

This is subject to the applicable eligibility conditions of the scheme.

Eligible members are encouraged to review the attached Scheme Guidelines and Application Proforma to assess how the scheme may support their organization's long-term infrastructure and testing requirements

Please submit your proposal to dg@bis.gov.in

A copy of the BIS letter dated 14 September 2026, along with the Scheme Guidelines and Application Proforma, is attached for your reference.
