1. Review of Export Performance

The export analysis shown in Table 1 indicates that growth in 2012-2013 was 0.19% implying exports of 7.2 billion US Dollars. The plastic raw materials constituted about 38% of the total plastics exports with a negative growth of 3.62%. The growth registered by value-added items was about 2.7% which is encouraging very given the adverse economic scenario in respect of our major trading partners the EU and USA. Most value-added items exhibited encouraging growth rates. The direction of exports is shown in Table 2 and achievements are generally good.

Mr Jaswanth Soundarapandian, Regional Director, represented the Council in this event.

2.6. JEC EUROPE 2013 - Paris, France - March 12-14, 2013

The Council has been participating regularly at the JEC Composites Show. JEC is the largest composites industry organization in Europe and in the World with a network of 250,000 professionals from 100 different countries. It represents, promotes and expands composites markets by providing global and local networking as well as information services.

JEC Europe in Paris is the only trade show that unites the global composite industry: an indication of the industry's commitment to an international platform where users can find a full spectrum of processes, raw materials, and composite solutions. The Show presents a diversified and well-balanced offering from more than 1,180 exhibiting brand names, with 80% from abroad and 20% from France.

The Show is a genuine platform for the global composite industry, with a strong end-user oriented position: two out of three visitors were users of composite solutions (buyers from the end-user sectors, such as engineering or R&D departments, designers, manufacturers, etc.) in the main application sectors. The visitors are generally corporate decision-makers, which explain why so much business is concluded directly on the Show.

The Show hosts a large number of regional and international pavilions, such as Germany (Bavaria, Saxony, North Rhine-Westphalia, Baden Wurttemberg, CFK Valley), France (Aquitaine, Charente Maritime, Pays de la Loire, Picardie, Midi Pyrénées, Région Centre), China, Hungary, Great Britain, India, USA, Bahrain and Wallonia. National trade organisations from all over the world, including the Asia Pacific region with Australia, China, India, Japan, South Korea, Thailand and Taiwan are also represented.

JEC Europe remains the unequalled platform where professionals from the whole chain of the composite industry can meet. This annual event has established itself as an obvious success due to the diversity of its visitors

Ten member companies from the Composites sector participated at the show. They were M/s. Adex Composites Private Limited, Mumbai; M/s CNC Technics Pvt.Ltd, Hyderabad; M/s FRP Institute, Chennai, M/s Kush Synthetics Pvt. Ltd, Ahmedabad; M/s Manisha Enterprises, Pune, M/s Mechemco Industries, Mumbai; M/s Mechemco Resins Pvt. Ltd., Navi Mumbai, M/s Permal Wallace Pvt. Ltd., Bhopal; M/s Royal Thermoset Pvt Ltd, Navi Mumbai & M/s Satyen Polymers Pvt. Ltd., Mumbai. Mr. Sanjiv R. Dewan, Regional Director, Plexconcil represented the Council at the above Trade show.

2.7. PLASTIMAGEN 2013 - Mexico City, Mexico - March 12-15, 2013

PLASTIMAGEN 2013 (the 18th International Plastics Exhibition & Conference) was organized by M/s E.J. The member companies were mainly from the writing instruments, Masterbatches, Packaging material & PVC Pipe sectors. The Council was represented by Mr. Sanjiv R. Dewan, Regional Director.

In Uganda, publicity for the BSM was given by placing an advertisement in their leading local daily "New Vision". There was active support of Uganda National Chamber of Commerce & Industry (UNCCI) for BSM in Kampala, held on 1st March, 2013 at the Imperial Royale Hotel, where around 25 buyers visited & interacted with the members. The BSM was inaugurated by the Minister of State for Finance, Planning & Economic Development in Uganda, Mr. Fred Omach. Mr. Rajesh Gawande, the Charge d' Affairs from our Indian High Commission was also present at the inauguration of the BSM, and interacted with the participants.

In Khartoum, Sudan, there was a fairly good response as well, with over 30 business visitors turning up for the BSM held at Kanon Hotel & Suites, thanks again to the excellent support from our Indian Embassy. The Indian Ambassador, Mr. S.K.Verma, personally interacted with all the delegation members & gave them tips on doing business in Sudan. A formal briefing session was held in the Indian Embassy for all the delegates on the day the delegation arrived. The Embassy had tied up with the Sudanese Businessmen & Employers Federation for the BSM. The Federation also hosted a dinner for the delegation on 3rd March. The members also had the honor of being hosted for dinner by the Ambassador, Mr. S.K.Verma, at Tanoor Restaurant on 4th March.

As per feedback received from member participants, they were satisfied with their participation which had resulted in both good export orders and firm enquiries.

4. REVERSE BUYER SELLER MEETS (RBSMs)

4.1. Reverse Buyer Seller Meet (RBSM) to coincide with the Vibrant Gujarat Summit & Global Trade Show, Gandhinagar, Gujarat - January 08-13, 2013

Under the Government of India's Market Access Initiative Scheme (MAI Scheme), the Council sponsored a Reverse Buyer-Seller Meet (RBSM) to coincide with the Vibrant Gujarat Summit and Global Trade Show held at Gandhinagar, in Gujarat.

Vibrant Gujarat, a biennial event took place at Gandhinagar, Gujarat, between January 08-13, 2013. The event brought together high level multi stakeholder gathering, leading policy makers, business leaders, MNCs, investors and opinion makers from across the globe. Vibrant Gujarat had one of the largest exhibition venues ever covering 100,000 sq.mts. The event was organized by Government of Gujarat and 3iNDEXTb (Industrial Extension Bureau), a Government of Gujarat Organization with partner countries Japan and Canada.

Within the Vibrant Gujarat was the VIBRANT PLEXPO – the plastics showcase showcasing various plastic items and plastic machinery covering about 200 participants in the plastics sector.

The Council invited overseas buyers dealing in plastics to participate in the Reverse Buyer-Seller Meet. The main idea was to provide a platform for one-to-one interactions for Indian exhibitors and visitors from the plastics industry with the overseas buyers and to expose entrepreneurs in the Indian plastics industry to the opportunities for their goods in international markets.

Nineteen overseas buyers, from Ethiopia (10 buyers), Tanzania (6 buyers) and Ukraine (3 buyers) were sponsored to participate in this Reverse Buyer-Seller Meet. They interacted with all the participants in the Plastics Showcase for their requirements of various plastic items. One-to-one meetings were also arranged with many of the Council's members with the buyers sponsored from the overseas. The Council had taken two booths measuring 9 sqm (in the plastics showcase) & 18 sqm (Hall - 1) at the Show where the RBSM was held. In addition, a meeting room in Hall 1 was also provided for holding the RBSM. The booths and the space for meetings were made available on a complimentary basis by the organizers.

The potential business generated from organizing this Reverse Buyer-Seller Meet (RBSM) is estimated at USD 2.50 million in the next 6-12 months, with progressive business growth thereafter. The various items covered included Plastic raw materials and Masterbatches, Adhesive Tapes, Plastic processing machinery and equipment, Flexible packaging and processed plastic goods, stationery items and other plastic items. Mr R.P. Kalyanpur, Executive Director, Mr Sanjiv R. Dewan and Mr Jaswanth Soundarapandian, Regional Directors, co-ordinated this Reverse Buyer-Seller Meet.

7. OTHER MEETINGS

7.1. Awareness Workshop on “Compliance in Manufacturing Exports – New IT Compliance Law in the US” – Federation House, New Delhi – April 11, 2012

FICCI organized an awareness workshop on the new IT compliance law in USA. In a recent development, U.S. has passed new Unfair Competition laws which impact manufacturers worldwide who sell their products to U.S. While, the first laws were passed in the States of Washington & Louisiana, on 4th November, 2011, Attorney Generals of 39 U.S. States have signed a resolution to combat unfair trade practices in manufacturing by preventing usage of illegal or stolen IT (i.e. non-genuine & unlicensed software), which provides an unfair advantage in the market place.

What does the law Provide

The new Unfair Competition Law in certain US States prohibit sale of products which are being manufactured and distributed using illegal information technology (e.g. pirated software), despite being given a notice and opportunity to conform. The Law further obligates retailers and third parties to undertake due – diligence to ensure IT compliance of their supply chain.

What is the Purpose of the Law

The law's objective is to create a level playing field (fair competition) for law abiding manufacturers by obligating the non – compliant manufacturers to show use of Genuine and Legal IT (e.g. Genuine Software Licenses), respecting Intellectual Property Rights in IT, before their products can be distributed and sold in certain territories of United States.

What Does it Mean for You

If you are a manufacturer who is exporting to USA, then you must ensure that you use only genuine & licensed IT (e.g. software) for your manufacturing and distribution business facilities. You should not only get completely legal but should keep a clear and accurate record of your proof of purchases. You could begin by doing self-audits or seek professional help to undertake Software Asset Management (SAM) Review.

How Can IT Compliance Improve Your Exports to US

The biggest opportunity is against China, where software piracy and hardware counterfeiting is among the highest in the world. And since China is also the largest exporter of manufactured products to US, they will face maximum challenges, whereas Indian manufacturers can gain market share in US by becoming IT compliant quickly and efficiently.

Further information about this law can be obtained from the website of The American Chamber of Commerce in India (AMCHAM - India), which is www.amchamindia.com.

Mr. Sanjiv R. Dewan, Regional Director, represented Plexconcil at the above Workshop.

7.2. Meeting with the Commerce, Industry and Textile Minister – May, 17, 2012 – Udyog Bhawan, New Delhi

Commerce, Industry and Textiles Minister met the Chairmen of EPCs and Presidents of Apex Chambers for seeking suggestions on Annual Supplement to the Foreign Trade Policy (FTP) / Handbook of Procedures (HBP).

Some of the suggestions made at the meeting were as follows:

- Interest subvention which expired on 31-3-2012 should be continued.
- Recent RBI directive regarding conversion of 50% of forex into Indian Rupees should be implemented only after a period of 90 days, ie. exporter should be allowed to retain the entire amount in EEFC for 90 days, and 50% conversion should be done only thereafter.
- Continuation of 0% EPCG Scheme.
- Increase of budgetary allocation towards MDA & MAI Schemes and raising the eligibility limit under MDA from 15 crores to 50 crores of fob value. Also increase the limit under MAI to contest Anti Dumping Duties.

The points put forth by Plexconcil at the meeting were as below:

- Policy initiatives to facilitate joint marketing by a group of plastic processors.
- Policy initiative to encourage export of plastic components & composites to Original Equipment Manufacturers (OEM).
- Transferability to Actual Users in the same sector under SHIS must be permitted.

Mr. Rajeev Chitalia Chairman, Mr. R.P. Kalyanpur Executive Director, and Mr. Sanjiv R. Dewan, Regional Director, Plexconcil, attended the above meeting.

7.3. Meeting with Shri Anand Sharma, Hon'ble Commerce & Industry Minister on consultations regarding decline in Merchandise export – August 14, 2012 – Udyog Bhawan, New Delhi

Some of the short term measures suggested by our Council at the meeting to boost the export of plastic processed items were:

(1) Include all plastic products under the Market Linked Focus Product Scheme (MLFPS) to the European Union and USA.

EU & USA account for about 30% of export from the plastic sector, and while both these markets are experiencing an economic slowdown, USA is apparently showing signs of recovery. We need to increase our market share in these two markets, which currently is less than 1% of their global imports of most plastic products.

(2) SHIS Scheme should cover the complete Plastic sector.

Even though the Foreign Trade Policy states that the SHIS Scheme shall cover the plastics sector, however the Scheme covers only items under ITC HS Code Nos. 3901 to 3914, which are essentially plastic raw materials. The Scheme should therefore cover plastic products as well, including those falling outside chapter 39. This will help in addressing the issue of technological upgradation in the plastic processing industry, which suffers from outdated technology and lacks economies of scale.

(3) Facilitate joint marketing by a group of plastic processors

Plastic processors in India are dominated by the MSME sector and lack production volumes. A policy framework to form groups of manufacturing units that could jointly market their plastic processed items in the overseas is required. EPC could facilitate this process by facilitating a SPV for this purpose. The policy initiative could provide certain benefits to this SPV in terms of duty free/credit scrips.

Mr. G. Sudhakar Vice Chairman, and Mr. Sanjiv R. Dewan, Regional Director, represented the Council at this meeting.

7.4. Meeting on India-Australia FTA negotiations – August 23, 2012 – New Delhi

The meeting was chaired by Mr. J.K. Dadoo, Joint Secretary, to discuss the draft negative list prepared by India for the above FTA. The Joint Secretary requested all EPC's & other trade bodies present to trim down this negative list based on the following criteria:

- (1) Items which we do not import from Australia may be removed from our negative list.
- (2) Items that are not manufactured by Australia, should also removed from the negative list.

He also requested all present to furnish a list of items, on which we should seek a tariff reduction from Australia. Mr. Sanjiv R. Dewan, Regional Director, represented Plexconcil at the above meeting.

7.5. Sectoral review meeting and suggestions on Foreign Trade Policy – November 14, 2012 – Udyog Bhawan, New Delhi

The meeting was chaired by the Director General of Foreign Trade, Dr. Anup Pujari, IAS. Some of the suggestions made by our Council and DGFT's remarks on the same are as given below:

SHIS Benefits to Plastics Sector

The Plastics industry (as per para 3.16.3 of the FTP) is eligible for the Status Holder Incentive Scrip (SHIS). However, as per internal instructions, exporters of plastic items other than ITC HS 3901 to 3914 (which are essentially plastic raw materials) were not being granted this benefit. This was possibly due to the misinterpretation of the notes under Chapter 39 of ITC HS based Import policy where "plastics" were defined as ITC HS 3901 to 3914. 3915 to 3926 actually comprised of plastic articles made from 3901 to 3914. Therefore, other items in Chapter 39 (classified as plastics and articles thereof) were not being granted the SHIS benefits. DGFT clarified that Council's request to include all items under Chapter 39 had been accepted and a notification/circular is being issued.

Request to include plastic items outside Chapter 39 for SHIS benefits

It was also informed to DGFT that there were other plastic items outside Chapter 39 that were made from plastics like plastic furniture; vinyl floor coverings etc. DGFT clarified that in such cases where there was a mix of plastic materials and other materials, the matter may have to be looked into. In principle, items outside Chapter 39 that were made of almost 100% plastic materials should not be a problem for granting the SHIS benefits. DGFT, therefore, requested the Department of Chemicals & Petrochemicals (DCPC) represented by Dr Chakravarthy to certify such items that could be granted this benefit. The Council would prepare a list and submit to DCPC for their comments.

Request to allow transferability of SHIS granted to Status Holders in plastic sector to any plastic manufacturer/processor

Another issue flagged was with regard to the transferability of SHIS. The FTP allows only Status holder to status holder transfers. Council suggested that SHIS granted to Status Holders in the plastics sector must be allowed for transfers to manufacturers in the plastic sector. The plastic sector is in dire need of technological upgradation. Benefits like Technological Upgradation Fund (as that granted to textile sector) were not available to the plastic sector. If the transferability is allowed, facilitation for technological

upgradation would be available to some extent. DGFT requested DCPC for their comments in this regard for further consideration.

Market-linked Focus Product Scheme (MLFPS)

Given that the concept of Focus Market Scheme was essentially to offset high freight costs to such markets, Council was of the opinion that plastics sector must be given a higher benefit on this account. This was justified since the value of a container of plastic items when compared to say a container of engineering goods is much lesser than that of engineering items. Therefore, the plastics sector ends up paying a much higher freight in percentage terms. DGFT, conceding to this logic, said that the benefit is accorded only in consultation with Department of Revenue, which looks into the revenue aspects. DGFT, therefore, suggested to the Council to work out the Indian share vis-à-vis competing countries share in target markets so that the same could be considered for MLFPS.

Mr. Rajeev Chitalia, Chairman Plexconcil, Mr. R.P. Kalyanpur Executive Director, Plexconcil, Mr. Arvind Goenka, Regional Chairman (North region), Plexconcil, Mr. K.C. Vyas, Manager, Bhayani Plastic India (P) Ltd., and Mr. Sanjiv R. Dewan, Regional Director, Plexconcil, attended the above meeting.

7.6. Sectoral Review Meeting and Suggestions on Foreign Trade Policy – March 18, 2013 – Udyog Bhavan, New Delhi

The Meeting was chaired by the DGFT, Dr. Anup Pujari. Following suggestions were made by the Council at the meeting:-

1. Market-linked Focus Product Scheme (MLFPS)

This scheme, which facilitates exporters in surviving the general adverse economic scenario, needs more and more items added to the list. Representations from various cross sections of the plastic sector are being received to get items included in this list. However, there is no mechanism spelt out in the FTP to get such items (based on ITC HS) included in this list in a short span of time (say one or two months). It is recommended that a transparent procedure in this regard be spelt out in the FTP for the purpose. This may be done based on the import statistics of a particular market for the concerned ITC HS Code. To get the item included in the list, parameters such as Indian share and the market potential (based on the last three years average imports by the particular market) be specified to qualify for inclusion in the list. Any other parameters may also be spelt out to address any concerns of the Government or industry.

2. Incremental Exports Incentivisation Scheme must be extended to units in EOUs/SEZ/etc

This scheme is bound to motivate and facilitate exporters under the current adverse conditions to both sustain and increase exports. It is felt that this scheme has been conceived primarily to facilitate export marketing by offering more competitive prices. Therefore, there is no reason as to why EOUs or units in SEZs be excluded from this scheme since the marketing support is a need of all categories of exporters.

Mr. G. Sudhakar Vice Chairman, and Mr. Sanjiv R. Dewan, Regional Director, represented the Council at the above meeting.

7.7. Other Trade Facilitation meetings / Grievance redressal meetings organized by the Joint DGFT and Customs Departments

Council officials participated in the above meetings organized in all the regions and represented members' interests at these meetings.

7.8. Regional Committee Meetings of the Council

All Regional Offices organized Regional Committee Meetings in their respective regions to enable Regional Committee members discuss export-related issues and problems faced by exporters and also to suggest export promotion programmes and initiatives to the Committee of Administration to facilitate the growth of exports from the respective regions.

8. TRAINING

8.1 Training on DGFT E-Comm. system – February 28, 2013 - Mumbai

The Council organized a free training programme on issues related with Shipping Bill – Repository & E-BRC scheme for EDI & Non- EDI systems and other issues related with E-comm. systems at Mumbai Zonal Office of the DGFT. The training was organized to disseminate updated E-comm. related information to the members. The Training was organized by Mrs. Bharti Parave, Senior Executive and Mr. Samit Viswasrao, Senior Executive, and was conducted by Mr. Vachani (Officer – EDP Section) in the DGFT's Mumbai Zonal Office.

AUDITOR'S REPORT

**TO
THE MEMBERS OF
THE PLASTICS EXPORT PROMOTION
COUNCIL (LIMITED BY GUARANTEE)**

We have audited the attached Balance Sheet of THE PLASTICS EXPORT PROMOTION COUNCIL, Mumbai (Limited by Guarantee) as at 31st March, 2013 and also the Income and Expenditure Account for the year ended on that date annexed thereto. These financial statements are the responsibility of the Committee of Administration of the Council. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates by the Committee of Administration, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As the Council is registered under section 25 of the Act, the clauses under the Companies (Auditor Report) order, 2003 are not applicable and hence, not reported.

We report that: -

- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper Books of Account as required by law have been kept by the Council so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the regional offices not visited by us.
- c) The Balance Sheet and Income and Expenditure Account dealt with in this report are in agreement with the Books of Account and returns.
- d) The Balance Sheet and Income and Expenditure Account have been prepared in compliance with the Accounting Standards referred to in Section 211(3C) of the Companies Act, 1956 (hereinafter referred to as the 'Act'), to the extent applicable.

- e) On the bases of written representation received from the members of committee of administration (COA) and taken on record by the council, none of the members of COA are disqualified as on 31.03.2013 from being appointed as members of the COA.
- f) In our opinion and to the best of our information and according to the explanations given to us, the said accounts read together with the significant accounting policies and other notes appearing in Schedule '16' and those elsewhere in the financial statements, give the information required by the "Act", in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India :
- (i) In the case of the Balance Sheet, of the state of affairs of the Council as at 31st March, 2013.
- And
- (ii) In the case of Income and Expenditure Account, of the surplus of the Council for the year ended on that date.
