Exports of **Consumer & houseware products** witnessed a significant increase of 14.3% in November 2024. This raise was primarily due to increased sales Tableware & kitchenware of plastics (HS code 392410) to Australia and Nigeria; Plastic moulded suitcases (42021220) to Belgium and Safety headgears (65061090) to the USA.

Exports of **Cordage, fishnets & monofilaments** were up by 31.9% in November 2024 due to positive growth witnessed in sales of Other binder or baler twine of polyethylene or polypropylene (560749) and Made up knotted fishing nets of man-made textile materials (560811). Europe region is significant buyers of these product from India.

In November 2024, the export of **FIBC, woven sacks, woven fabrics & tarpaulin** witnessed a growth of 16.7% due to higher sales of Flexible intermediate bulk containers (630532) to the Belgium, Germany, Italy and USA

Export of **Floor coverings, leather cloth & laminates** were higher by 11.1% in November 2024 on account of improved sales of Other textile fabrics, impregnated, coated, covered or laminated with plastics other than polymers of vinyl chloride (59039090) to the USA.

Export of **FRP & Composites** decreased by 31.6% during November 2024. This decreased was due to lower exports of Articles of plastics and articles of other materials of heading 3901 to 3914, n.e.s (39269099).

Export of **Human hair & related products** reduced by 25.6% in November 2024 on account of no sales of Human hair unworked (05010010) particularly this month.

**Medical items of plastics** export were lower by 11.2% in November 2024 due to decline in sales of spectacle lenses (900150).

Export of **Miscellaneous products & items nes** were up by 14.3% in November 2024 due to higher shipments of optical fibres (900110).

**Packaging items - flexible, rigid** export were lesser by 0.3% on account of lower sales of Other boxes, cases, crates and similar articles for the conveyance or packaging of goods of plastics (39231090) and Sacks and bags of polyethylene (392321).

In November 2024, the export of **Plastic films & sheets** was higher by 13.1 % due to increased sales of Other self-adhesive films and sheets (39199090); films and sheets of non-cellular polyethylene terephthalate (39206220) and Other Flexible and metallised films & sheets (39219094). Indian exporters of plastic films and sheets are experiencing are now witnessing an improved demand supply scenario, driven by strong performance in the polymer sector. This positive trend is further supported by an improved pricing & margin environment.

Export of **Plastic pipes & fittings** risen by 3.8% due to improved sales of Flexible tubes of plastics (391739).

**Plastics raw materials** exports were higher by 22.6% due to increased shipments of Linear low-density polyethylene (LLDPE) (390140); Polypropylene (390210) and Polyethylene terephthalate (390761).

Export of **Writing instruments & stationery** considerably decreased by 21.6% in November 2024 due to lower sales of and Ball point pens (960810) and Felt-tipped and other porous-tipped pens and markers (960820) to France.
